

Riska price list 2025

RISKA

With more than 30 years of experience, we support the work of breeders, farm managers and veterinarians.

Monthly prices from 2025.01.01

If a site does not have an office machine RISKA subscription (so it only uses a Webrisk), the price of a Webrisk without an office machine background is not the reduced value but the fee of the office machine system.

Prices are in euro
